

AALIYAH MAKAYLA M. SANTOS

Address: 1133 Craig Street Sampaloc, Manila
Phone: 09159732293
Email: santosaliah@gmail.com

CAREER OBJECTIVE

To start my career where I can apply my knowledge in programming, web and mobile development, and collaborate on real-world projects, while continuously learning and contributing to innovative and impactful solutions.

ACADEMIC BACKGROUND

University of Santo Tomas
Bachelor of Science in Computer Science
Batch 2025

SKILLS

Programming Languages: Java, Python, MySQL, HTML, CSS, JavaScript.

Frameworks & Tools: Bootstrap, Figma, Canva, Android Studio.

Technical Skills:

- **Web Development:** Experienced in using HTML, CSS, MySQL, and Java for academic and personal projects, including a database-driven system.
- **Mobile Programming:** Proficient in Android Studio and Java, with experience in creating academic mobile applications.
- **Artificial Intelligence:** Applied Python in developing machine learning programs.
- **UI/UX Design:** Skilled in designing and prototyping using Figma and Canva.

Productivity Tools: MS Excel, PowerPoint, Word.

Soft Skills: Drafting, Presentation, and Web Design.

PROJECTS

AI-Generated Text vs Human-Written Text Detection using GAN

- Collaborated on a thesis project to develop a fine-tuned Generative Adversarial Network (GAN) that distinguishes AI-generated text from human-written text.
- Achieved 3rd Best Thesis Award.

PMC Online Shop Website

- Designed and developed a fully functional e-commerce website for a business.

JECO Construction Website

- Designed and implemented website with SEO optimization to enhance online presence.

AppSheet Inventory System

- Created an inventory management system using AppSheet, integrated with Google Sheets to summarize monthly sales and track items per seller.
